ABOUT SFOC:

[Solutions for Our Climate](#) (SFOC) is a nonprofit organization established in 2016 for more effective climate action and energy transition based in Seoul, South Korea. SFOC is led by legal, economic, financial and environmental experts with experience in energy and climate policy and works closely with domestic and international players.

ABOUT TRANSITION ASIA:

[Transition Asia](#) is a research, engagement, and campaigning organisation committed to driving rapid emissions reduction in East Asia by spotlighting leaders and laggards in business and policy, highlighting false solutions and greenwashing, engaging local investors, and connecting global investors to the region to encourage 1.5°C-aligned corporate and sectoral pathways.
